

October 17, 2022

To the Board of Directors
Meridian Technical Charter High School, Inc.
Meridian, Idaho

We have audited the financial statements of Meridian Technical Charter High School, Inc. (the Charter) as of and for the year ended June 30, 2022, and have issued our report thereon dated October 17, 2022. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards*

As communicated in our letter dated June 21, 2022 our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Charter's solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding a material control deficiency during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated October 17, 2022.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

As stated in our auditor's report, professional standards require us to design our audit to provide reasonable assurance that the financial statements are free of material misstatement whether caused by fraud or error. In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as "significant risks". We have identified the following as significant risks.

- **Management Override of Controls** – Professional standards require auditors to address the possibility of management overriding controls. Accordingly, we identified as a significant risk that management of the organization may have the ability to override controls that the organization has implemented. Management may override the Charter's controls in order to modify the financial records with the intent of manipulating the financial statements to overstate the Charter's financial performance or with the intent of concealing fraudulent transactions.
- **Improper Revenue Recognition** – We identified improper revenue recognition as an identified fraud risk due to the possibility that revenue is not recorded appropriately such as in the wrong period, in the incorrect amount, etc. either due to error or fraud.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Charter is included in Note 1 to the financial statement. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are is management's estimate of the employer pension assumption that is based on actuarial estimates provided by Milliman. We evaluated the key

factors and assumptions used to develop the employer pension assumption in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Charter's financial statements relates to the disclosure of the net pension liability in Note 8 to the financial statements is sensitive as the footnote supports the assumptions made and inputs used to determine the net pension asset.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. The following summarizes the uncorrected financial statement misstatements whose effects in the current and prior periods, as determined by management, both individually and in the aggregate, to the financial statements taken as a whole and each applicable opinion unit.

- An adjustment to record a lease in governmental activities resulting in an understatement of the right of use asset and corresponding liability of \$3,614.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Charter's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. The following modifications were made to the Auditor's Report:

Qualified Opinion on the Governmental Activities Opinion Unit

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on the Governmental Activities Opinion Unit" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Charter, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (Government Auditing Standards), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Charter and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions.

Management has elected not to adopt the provisions of GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Accounting principles generally accepted in the United States of America require recognition and measurement of an asset or liability, deferred outflows of resources, deferred inflows of resources, and expenses associated with other post-employment benefits (OPEB). The standard also requires certain note disclosures and required supplementary information (RSI) about the OPEB plans. The amounts by which the departure would affect net position, assets, liabilities, deferred outflows of resources and deferred inflows of resources, expenses, disclosures and RSI are not reasonably determinable.

Representations Requested from Management

We have requested certain written representations from management that are included in the management representation letter dated October 17, 2022.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Meridian Technical Charter High School, Inc., we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the entity, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Charter's auditors.

This report is intended solely for the information and use of the Board of Directors, and management of Meridian Technical Charter High School, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.
